WHO WE ARE

WHAT WE DO

Since 1975, Wyoming Community Development Authority (WCDA) has been making it easier for people across Wyoming to finance a home.

We provide low interest rate single family mortgages to help our homebuyers buy and retain their homes. We partner with Wyoming Housing Network, Inc. to provide homebuyer education that aids in the sustainability of homeownership. From our down payment assistance loan program (DPA), to homebuyer education and counseling, to our partnerships with developers and our work with non-profit community organizations, WCDA is the state’s leading resource for affordable housing finance.

WCDA was created by state statute, as an instrumentality of the State of Wyoming, for the purpose of raising capital to finance affordable housing. WCDA receives no state funding. Our largest housing program is the Single Family Mortgage Purchase Program for first-time homebuyers. In order to fund this program, WCDA raises capital by selling tax-exempt mortgage revenue bonds (MRBs) to investors. Since the interest on the bonds is tax-exempt, the investors accept a lower rate of return. The savings is passed through to homebuyers in the form of lower interest rates on mortgages.

In 2012, WCDA began offering additional financing programs for homebuyers by utilizing special mortgage purchase programs offered through the federal government for Housing Finance Agencies (HFAs). The HFA Preferred and Advantage Products are not limited to first-time homebuyers.

In addition to its single family programs, WCDA currently administers five major affordable housing development programs; the Low Income Housing Tax Credit Program (LIHTC), the HOME Investment Partnerships Program (HOME), the National Housing Trust Fund Program (NHTF), the Community Development Block Grant Program (CDBG), and the HOME Investment Partnerships American Rescue Plan Program (HOME-ARP). Together, these five federal programs have funded more than 5,500 units of affordable rental and homeownership housing across the state, along with dozens of water, sewer, and other public infrastructure projects. As well as provided one-time funding to HOME participating jurisdictions, such as the WCDA, to reduce homelessness and increase housing stability across the state.
HOMEBUYER EDUCATION

Homebuyer education is required for most first-time homebuyers. WCDA requires most homebuyers to complete both an online class and a one-on-one housing counseling and budgeting session. We recommend completing these courses before shopping for a home. There is a fee associated with the class. Please visit Wyoming Housing Network, Inc. at www.whninc.org to register for the online course.

FEDERALLY FUNDED HOUSING DEVELOPMENT TOOLS (FOR DEVELOPERS)

HOME INVESTMENT PARTNERSHIP (HOME) AND NATIONAL HOUSING TRUST FUND (NHTF)

WCDA administers these federally funded programs on behalf of the state of Wyoming. These funds may be used for the production or rehabilitation of rental housing or single family housing to benefit low, very low, and extremely low income households. HOME and NHTF funds may be allocated to counties, cities, towns, and nonprofit or for-profit developers through a competitive application process. WCDA’s primary priority in allocating federal funding is to provide decent and affordable housing in areas with the greatest need.

LOW INCOME HOUSING TAX CREDIT PROGRAM

WCDA also administers the Section 42 Housing Tax Credit program on behalf of the State of Wyoming. This program encourages developers to build, or acquire and rehabilitate, rental housing to benefit low and very low income households in Wyoming. Various factors regulate the amount of tax credit awarded to a project. These credits are then sold to investors with the proceeds lowering the debt obligation of the project thereby lowering the project’s monthly payments. This then allows for lower rents to be charged.

Rules and regulations governing the HOME program, NHTF program, and the Low Income Housing Tax Credit program are available in the Wyoming Affordable Housing Allocation Plan and can be accessed on WCDA’s website www.wyomingcda.com.
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)

As of July 2021, WCDA administers the CDBG program for the State of Wyoming. The CDBG program is the longest-running formula grant program from the US Department of Housing and Urban Development (HUD), and is disbursed to states, counties and cities to develop viable urban communities by providing decent housing and a suitable living environment, and by expanding economic opportunities, principally for low- and moderate-income persons (or persons at or below 80% of area median income). The program is authorized under Title 1 of the Housing and Community Development Act of 1974.

Under the State CDBG program, WCDA awards grants to smaller units of general local government that develop and preserve decent affordable housing, expand and repair public infrastructure for low- and moderate-income neighborhoods, and necessary public services to the most vulnerable in our communities.

HOME INVESTMENT PARTNERSHIPS AMERICAN RESCUE PLAN PROGRAM (HOME-ARP)

The HOME Investment Partnerships American Rescue Plan Program (HOME-ARP) provided one-time funding to HOME participating jurisdictions, such as the WCDA, to reduce homelessness and increase housing stability across the state.

PROGRAM INCOME

WCDA uses federal funds to directly finance affordable housing developments. These funds produce a return on the investment that WCDA then uses to finance additional housing developments across the state. WCDA collects approximately $2.9 million each year in program income.
HABITAT PARTNERS PROGRAM

In addition to purchasing loans from participating lenders, WCDA also purchases loans from the Wyoming Habitat for Humanity affiliates. The purchase of a Habitat loan frees up the Habitat funds more quickly, allowing each affiliate to help more families. WCDA has purchased almost $15,000,000 in Habitat loans since the program’s inception.

RENTAL HOUSING DIRECTORY

The Rental Housing Directory provides the names of all subsidized rental housing WCDA is aware of. This list includes Low Income Housing Tax Credit properties, HOME properties, RD Section 515 properties, and various HUD-subsidized properties. Please refer to WCDA’s website for access to this information.
The Fair Housing Act prohibits housing discrimination based on any of these seven protected classes:

- Race
- Color
- National Origin
- Religion
- Gender
- Familial Status
- Disability

For example, it is illegal to take any of the following actions based solely on being a member of a protected class:

- Refuse to rent, sell, or negotiate for housing
- Set different terms or conditions or privileges for the sale or rental of a dwelling
- Falsely deny that housing is available for inspection, sale or rental
- Persuade homeowners to sell or rent a dwelling by suggesting that people of a particular protected class have moved or are about to move into a neighborhood
- Refuse to make reasonable accommodations in rules, policies, practices or services necessary for a disabled person to use housing
- Refuse to make a mortgage loan
- Impose different conditions on a loan such as different interest rates or fees
- Refuse to provide homeowners insurance or impose less favorable conditions
This list is not comprehensive but provides a sampling of issues where the Fair Housing Act would apply.

**Equal Access to Housing in HUD Programs – Regardless of Sexual Orientation or Gender Identity** - Through this final rule, HUD implements policy to ensure that its core programs are open to all eligible individuals and families regardless of sexual orientation, gender identity, or marital status.

The **Age Discrimination Act of 1975** prohibits discrimination on the basis of age in programs or activities receiving Federal financial assistance.
